

Hamilton Health Sciences Board of Directors

Hamilton Health Sciences is inviting applications from interested citizens for appointment to its Board of Directors and Board Committees. We are seeking applicants with executive level governance and leadership experience in complex organizations, skills in strategic IT, integrated risk management, and transformational change. Applicants will be system thinkers who care about health care and health care governance and who reflect the gender and cultural diversity of our community. This volunteer commitment includes attendance at Board and / or Committee meetings, as well as Board Development and other activities.

Interested applicants should forward a current resume and cover letter outlining governance experience, community involvement, and relevant knowledge and skills to Adrianna Bogris at bogris@hhsc.ca by March 18, 2019.
