## Canada's Gold Standard in Governance Education

We recognize that board members are faced with new challenges to innovate, grow, compete and govern while operating in a state of unpredictable change. Leaders committed to responsible and sustainable governance must continually adapt, develop their skills, and evolve to add enhanced value to keep pace. Our Chartered Director (C.Dir.) Program brings strategic wisdom, diversity of thought, and innovative approaches to the boardroom, raising the art and impact of directorship. **Bring more to the table with The Directors College, a McMaster University DeGroot School of Business Executive Program.**
